The Mustang Band provides all band booster club members with a spiral-bound Directory (one per family) which includes a band roster, contact information, a band parent handbook, important dates, maps to all games and competitions, photographs and advertisements. This is a must- have reference for all band families. Ads for the Mustang Band Directory are offered for students, family and friends to create personal salutes and messages for band members. Ads may be created for individuals, groups, sections, classes, etc. The directories become a keepsake for the year and will be made available to band members in the early fall. Extra copies may NOT be sold to others outside the band in order to protect the privacy of our families.
